# Membership Form

The Historical Society of Esquatak was founded in 1971 by residents of the towns of Schodack and Nassau. The overall mission of the society is to identify and preserve the historic resources of these towns. All are welcome to join.

The society is a not-for-profit, educational organization chartered by the New York State Education Department. Oversight is provided by a board of trustees that is elected by the membership. Activities include presentations, tours and other educational programs. Particular interests of the members are also met through a committee structure.

If you have an interest in local history, antiques, genealogy, preservation of structures, cemeteries or other historic features, please join with us in our effort to promote an appreciation for our heritage and preserve at least some of the past for the future.
